

Cornell-Wood-Board

Takes the Place of Lath and Plaster

For Walls, Ceilings and Partitions

"CORNELL 32"
FOR
SMALL
ROOMS

"CORNELL 48"
FOR
LARGE
ROOMS

And Yesterday This Was a Dingy Attic!

YES, it's only a few hours' work to transform any forgotten corner into bright, useful quarters with Cornell-Wood-Board walls and ceilings; no lath—no plaster—just rigid Cornell panels nailed right to the joists and studding.

Cornell's fashionable "Oatmeal Finish" makes this board the favorite in homes of refinement.

Its "Mill-Primed Surface" takes a perfect spread of paint or calcimine without a sizing coat.

To obtain these two important features, insist that your lumberman send you the genuine Cornell-Wood-Board. No other is like it—nor "nearly" so.

Send us the coupon for free samples showing the Oatmeal Finish; also for Blue Book of panel designs.

*CORNELL TAKES the
PLACE of LATH and
PLASTER in*
